

LA-Vega

Introducing the New 90cm Designer Vega Cooker Hood, platinum range cooker hood with Stainless Steel center panel and Stainless Steel surround.

Available in 90cm - Stainless Steel with White Glass/Black Glass

This brand new arrival is the only hood of its kind on the UK market. The Vega kitchen hood has evolved to be one of the most refined and modern cooker hoods, giving any kitchen a new personality. This hood has a wide frontal area and a large perimeter of suction to give extremely high extraction rates.

A powerful 950m³/h motor, LED lights, 1 on top and 1 underneath the hood and an back lit control switch with 4 speeds and an internal timer give this hood exceptional qualities. This hood has a variety of frontages to give an engaging and dazzling designer feel and easy to clean extraction area. Finished in a stunning easy to clean stainless steel body, this hood will become a people magnet in your kitchen!!
